Selective Serving

HTTP Header
'varies: user-agent'

- Great for ALL Sites with Mobile Content
- Impacts CDN Caching

Optimizing UX

99 / 100 User Experience

! Consider Fixing:

Size tap targets appropriately

▶ [Show how to fix](#)

✓ 4 Passed Rules

▼ [Hide details](#)

Avoid plugins

Your page does not appear to use plugins, which would prevent content from being usable on many platforms. Learn more about the importance of [avoiding plugins](#).

Configure the viewport

Your page specifies a viewport matching the device's size, which allows it to render properly on all devices. Learn more about [configuring viewports](#).

Size content to viewport

The contents of your page fit within the viewport. Learn more about [sizing content to the viewport](#).

Use legible font sizes

The text on your page is legible. Learn more about [using legible font sizes](#).

Optimizing UX

**Single Page Mobile
Site Architecture?**
